**Coladipietro's District Receives Transportation
Dollars to Repair Local Roads**

Springfield ... State Representative Franco Coladipietro (R-Bloomington) today announced that the 45th district will receive over \$50 million in new road projects under a proposed six year Illinois Department of Transportation (IDOT) highway improvement plan. IDOT's plan would utilize federal, state, and local transportation funds for maintaining and expanding existing roadways.

"This is the first step in repairing the crumbling roads in my district and across the state. However, the state still desperately needs a capital bill that will fully address our transportation infrastructure," said Rep. Coladipietro.

Area projects slated under the proposed IDOT Highway Improvement Program include:

- Resurfacing of Irving Park Rd from West of Mitchell Blvd. to Baker Dr.
- Bridge replacement of Route 53 at Springbrook Creek
- Additional lanes added to Route 53 from the Elgin-O'Hare Expressway to Army Trail Rd

For additional information, Rep. Coladipietro can be contacted at (630) 582-0045.
